

ARRL MEMBERSHIP

Whether it's building antennas, assisting others in an emergency, or connecting with people across the globe, amateur radio has something for everyone. Get ready to choose your own adventure.

Here are just a few of the benefits you will receive with your annual membership. For a complete list, visit arrl.org/membership.

KNOWLEDGE

ARRL offers you a wealth of knowledge to advance your skills, with lifelong learning courses, local clubs where you can meet and share ideas, and publications to help you keep up with the latest information from the world of ham radio.

ADVOCACY

ARRL is a strong national voice for preserving and protecting access to Amateur Radio Service frequencies.

SERVICES

From free FCC license renewals to our Technical Information Service that answers calls and emails about your operating and technical concerns, ARRL offers a range of member services.

RESOURCES

ARRL's digital resources include email forwarding, Product Review archives, e-newsletters, and more.

PUBLICATIONS

Members receive digital access to all four ARRL monthly and bimonthly publications: *QST*, the membership journal of ARRL; *On the Air*, an introduction to the world of amateur radio; *QEX*, which covers topics related to amateur radio and radio communications experimentation, and *National Contest Journal (NCJ)*, covering radio contesting.

WHAT DO YOU WANT TO DO WITH AMATEUR RADIO?

Discover New Interests

From contesting and new technologies to project building for beginners or advanced hams, ARRL helps you get involved. Our resources and tools will introduce you to many exciting new topics.

Membership in ARRL offers unique opportunities to advance and share your knowledge of amateur radio. For more than 100 years, advancing the art, science, and enjoyment of amateur radio has been our mission. Your membership helps to ensure that new generations of hams continue to reap the benefits of the amateur radio community.

Build & Share Your Knowledge

Learn more with FREE online education courses, member-only web content, and leadership opportunities. Plus, access expert training anytime with the ARRL Learning Center.

Shape the Future

Your membership dollars help to preserve and protect access to frequencies allocated to the Amateur Radio Service.

Stay Up to Date

Know what is going on in the amateur radio world — from weekly news and information emails to monthly contesting and club news, W1AW updates, and the *On the Air* email for new hams.
